Dear Permittee:

This letter acknowledges receipt of your Engineer's Annual Above-Ground Impoundment (AGI) Inspection / Certification report. A review of this certification by Staff has determined that it is sufficient to satisfy the permit condition requiring annual inspection and certification of the AGI and related appurtenances.

The District appreciates your cooperation in maintaining your stormwater management system.

The District now has the capability of receiving certifications, as-built plans and AGI inspection reports, conversion/transfer forms and other documents electronically via the District's ePermitting website at [www.sfwmd.gov/ePermitting](http://www.sfwmd.gov/ePermitting). For first-time users, an account will need to be created. Reports can be submitted through eCompliance/Environmental Resource.

Should you have any questions or require additional assistance, please contact me at (239) 338-2929 ext. 7765, or via e-mail at [mwhite@sfwmd.gov](mailto:mwhite@sfwmd.gov), in the Fort Myers Service Center.
