EMH&T Engineers, Surveyors, Planners, Scientists 5500 New Albany Road, Columbus, OH 43054

Subject: Water and Wastewater Service Availability
Project: Rick Hendrick Chevrolet (5665 Airport RD N)

Parcel #: 00254960006

Dear James:

The subject project is within the Collier County Water-Sewer District's (CCWSD) water and wastewater service areas.

Water service is readily available to the project via an existing 16" water main along the west side of Airport Road. Potable water is available for domestic use, fire protection, and irrigation, subject to the provisions of LDC 4.03.08 C, the Collier County Irrigation Ordinance (2015-27), and other applicable rules and regulations. Wastewater service is readily available to the project via an existing 20" force main along the east side of Airport Road. See the attached GIS screen shot for approximate utility locations. Record drawings can be requested by emailing Bryan Feir (Bryan.Feir@colliercountyfl.gov).

Connection to the CCWSD's water distribution and wastewater collection systems will be permitted only after the GMD Development Review Division's approval of hydraulic calculations prepared by the Developer's Engineer of Record in accordance with the Design Criteria found in Section 1 of the Collier County Water-Sewer District Utilities Standards Manual. Potable water source pressure shall be verified by the results of a fire flow test not older than six months, in accordance with subsection 2.2.1, paragraph A. Please contact the Wastewater Engineering Section (WasteWaterEngineering@colliercountyfl.gov) to confirm force main connection pressure.

If you have any questions, you may contact me at (239) 252-1037 or Eric.Fey@colliercountyfl.gov.

Respectfolly,

Eric Fey, P.E., Principal Project Manager

CC: Steve Messner, Division Director, PUD/WD; Beth Johnssen, Division Director, PUD/WWD; Ben Bullert, Principal Project Manager – Water, PUD/EPMD; Michael Stevens, Principal Project Manager – Wastewater, PUD/EPMD; Brett Rosenblum, Principal Project Manager, GMD/DRD; Joanna Nicholson, Site Plans Reviewer, GMD/DRD; Utility Planning Section; Brian Rossi
