

Appendix 5-12: STA-3/4 PSTA Implementation Project Submerged Aquatic Vegetation Coverage Maps

Michael Chimney

South Florida Water Management District (SFWMD)
Upper SAV, PSTA, and Lower SAV Cells
 August 2008 Plant Species Survey Data

○ low coverage ○ medium coverage ○ high coverage

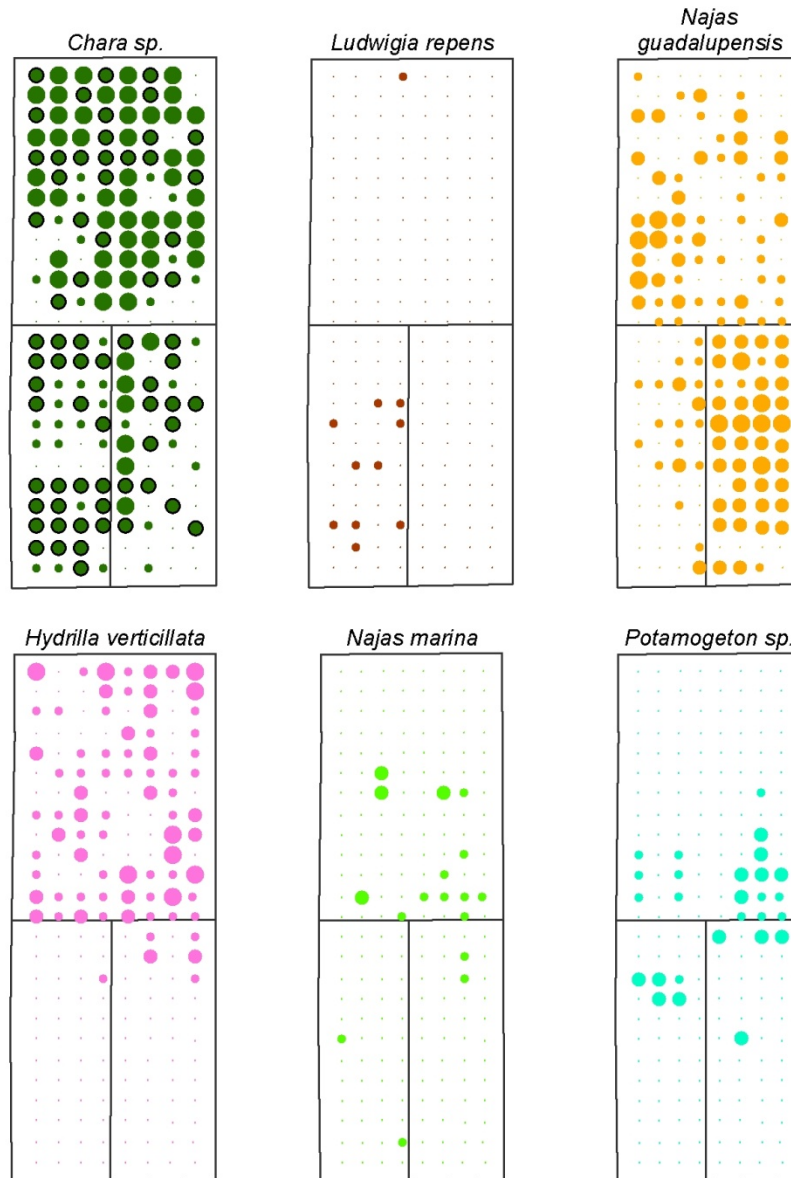

Figure 1. Distribution map of submerged aquatic vegetation (SAV) in the Stormwater Treatment Area 3/4 (STA-3/4) Periphyton Stormwater Treatment Area (PSTA) Implementation Project based on a vegetation survey conducted in August 2008. Dots indicate survey sites without that particular SAV taxon; closed circles indicate areal coverage levels. [See Chapter 5 of this volume for details on sampling methodology.]

South Florida Water Management District (SFWMD)
Upper SAV, PSTA, and Lower SAV Cells
 February 2009 Plant Species Survey Data

○ low coverage ○ medium coverage ○ high coverage

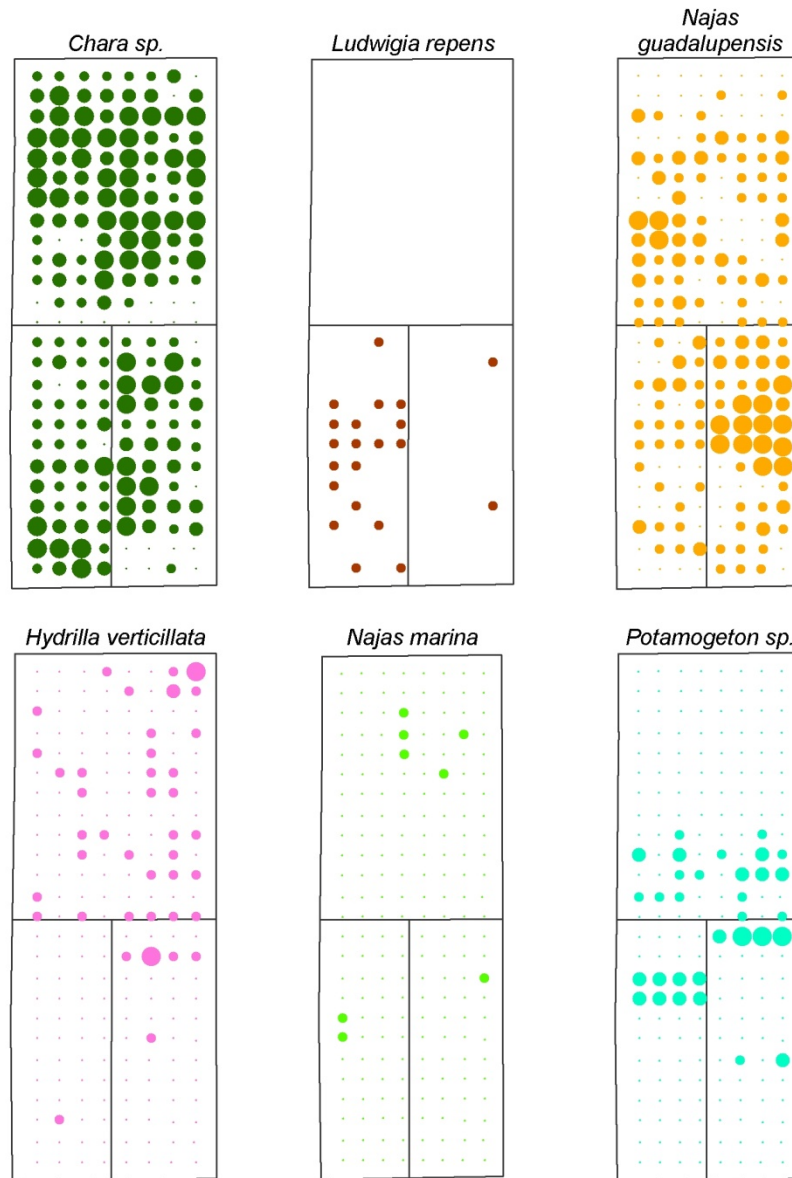

Figure 2. Distribution map of SAV in the STA-3/4 PSTA Implementation Project based on a vegetation survey conducted in February 2009. Dots indicate survey sites without that particular SAV taxon; closed circles indicate areal coverage levels. [See Chapter 5 of this volume for details on sampling methodology.]
